Eden Umbrellas Hexagon Umbrella

SKU

Product Info

- The Eden Classic Umbrella is the most durable umbrella ever constructed, designed to withstand damage from wind, water and sun.
- Available with the option of our Classic Hub System in non-corrosive, chromed sand-cast brass, or our Market Hub System in teak wood.
- The sunfast canopy receives triple reinforced stitches at stress points and is often specified for high wind and heavy-use commercial installations.

Eden Classic Hexagon Umbrella is available in:

- 7' Hexagon
- 8' Hexagon
- 9' Hexagon
- 10' Hexagon

Available Bases, in Powder Coated Stainless Steel:

- 23" Round / 90 & 140 lbs
- 20" Square / 70 lbs
- 24" Square / 90 & 140 lbs
- Square Base is available with optional side rollers or locking castors.
