

Contardi Outdoor

Tenebra Suspension Lamp - Battery Powered

SKU

Product Info

- Available in two different variants: Tenebra with spot light without diffuser and Tenebra Crystal with diffuser in "synthetic crystal".
- Tenebra Crystal is characterised by the synthetic crystal diffusers that give colour and three-dimensionality to the light
- About 9 hour autonomy, can be recharged through a USB type-C port commonly used for latest-generation smartphones and tablets
- Supplied with accessories and steel cable to be "hooked" and installed in a wide variety of contexts, from a tree branch to a pergola arbour rather than an outdoor tent.
- Switch by the pressure of the tube.
