Alton Mini Bar Cabinet

SKU WEC-ALTON-ALT99116

Product Info

The 'Unplugged' Mini Bar Cabinet: A Study in Understated Luxury

This isn't just a mini bar; it's a meticulously crafted piece designed to ensure your refreshment needs are met without shouting about it. Because in a space this refined, your furniture should be seen, not heard.

Design and Materials: Built to Last (Longer Than Your Hangovers)

The Top Tier: A flawlessly polished, substantial **marble countertop**. It's cool, clean, and gives the piece a reassuring weight. It's the perfect stage for a couple of chilled glasses and, well, whatever else you deem essential.

The Foundation: The entire structure is rendered in **solid teak wood**. The grain is rich, the finish is smooth, and the design is elegantly curved, nodding to classic craftsmanship while remaining utterly modern and minimalist.

The Great Teak Secret: Why teak? Simply put, it's the gold standard for durable wood. It's naturally high in oils and rubber, making it inherently **weather-resistant**. It shrugs off moisture, repels pests, and won't warp or rot like lesser woods. It's the furniture equivalent of a perfectly tailored English raincoat—reliable, distinguished, and built to handle the elements. (Or, in this case, a spilled negroni.)

Use Case: Indoors and Out

Thanks to its magnificent teak construction, the 'Unplugged' mini bar is wonderfully flexible:

Indoor Excellence: It sits perfectly in the lounge area of a luxury en-suite, a quiet anchor in a minimalist space. It's an essential, not a distraction.

Outdoor Capability: Should the whim strike you, its durability makes it equally suited for a private balcony, a pool deck, or a veranda. It can handle a coastal mist or a sun-drenched terrace without fuss. A cabinet that travels well—how very Four Seasons.

In short, it's a smart, durable, and sophisticated piece of equipment designed to serve you a drink wherever you happen to be. No over-the-top frippery; just confident, high-quality design.

- Product displayed in our suggested finish. Made to order options are available in our wide variety of finishes viewable on our website: [Materials & Finishes | Walters](#)
- Frame designed using premium sourced teak from Indonesia. Unfinished Teak will weather naturally and change color over time due to exterior elements. Review our Teak [Care and Maintenance](#) for more information
- Cabinets suitable for outdoors.
- Different configurations of drawers and cabinets may be custom specified. Walters specialist will work with you to meet the sizing requirements (i.e. mini fridges, safes, etc.)
- Drawers and cabinets are soft-close.
- Our storage covers are highly recommended to protect furniture from natural outdoor elements and to improve longevity. Learn more about [Care and Maintenance](#)
