More Comfort Lounge Chair by Clodagh for Walters

The undisputed leader in wellness design, Irish-born, New York-based, Clodagh brought the same signature holistic sensibilities seen in her famed iconic spa designs to her furniture designs. The More Comfort Collection features clean lines, generous and solid proportions, and thoughtful materiality. The collection transitions easily between indoor and outdoor environments, creating a sanctuary.

Walters combines stainless steel, wood and upholstered cushions manufactured to be low maintenance, sturdy and easily cleaned. The collection includes modular sectionals and standalone pieces. With clean lines and classic proportions, the pieces also can easily mix and match with other furniture.

# Walters™

Walters understands longevity, both in the furniture we craft and in the relationships we build with our clients. As the fourth generation, one thing remains the same: The integrity found in each piece we build, making the brand synonymous with the highest standards in outdoor furniture. We have always had a passion for wicker, rattan, bamboo, seagrass, water hyacinth, abaca rope and woven leather, and constantly innovate with new and exciting materials.
