WAINSCOTT

Collection

Look between the lines – The new Wainscott Outdoor Collection from Walters commands attention by layering handwoven, all-weather rope in powerful vertical lines.

Designed with natural spaces in mind, the rhythmic repetition of rope melts into outdoor settings, as the vertical pattern emulates the lines of trees, grasses, and things that grow. As the sun sets, the play of light and shadow across the woven frames coalesce with the landscape, mirroring the very environment they occupy.

The Wainscott Collection includes seating essentials for lounging and dining, which can pair effortlessly with a variety of table and casegood styles thanks to its uncomplicated geometry and refined aesthetic appeal.

In accordance with its commanding presence, Wainscott is built with stability and endurance in mind. Each frame is constructed from durable powder coated aluminum surrounded by handwoven, weather-resistant rope. Finished with thick, plush cushions, the collection strikes a balance between structure and comfort to encourage relaxation with no shortage of style.
