EDITION 2025

Wainscott

Look between the lines – The new Wainscott Collection commands attention by layering handwoven, all-weather rope in powerful vertical lines.

Designed with natural spaces in mind, the rhythmic repetition of rope melts into outdoor settings, as the vertical pattern emulates the lines of trees, grass, and things that grow. As the sun sets, the play of light and shadow across the woven frames coalesce with the landscape, mirroring the very environment they occupy.

The Wainscott Collection includes seating essentials for lounging and dining, which can pair effortlessly with a variety of table and casegood styles thanks to its uncomplicated geometry and refined aesthetic appeal. **Design by Jeffrey Bennett.**

Laurel

Framed in finely carved solid teak, the Laurel Collection by Jeffrey Bennett is a stylish option for both indoor and outdoor environments. Featuring simplified lines that flow along muted curves, the collection appeals to the iconic silhouettes of the Danish Modern movement. This midcentury influence imbues the collection with an inviting warmth, while also delivering outstanding durability.

This ten-piece collection offers seating options for both dining and lounging. Each piece is crafted with a solid grade-A teak frame, a mesh sling structure, and is topped with upholstered cushions. Quality materials and thoughtful construction promote longevity, while the relaxed posture and clean lines bring an undeniable charm.

Varenna & Avant

VARENNA

Inspired by Northern Italian lakeside villas, the Varenna series is a contemporary take on classical form and silhouette. It is an indulgent collection of fully upholstered furnishings, intended to make outdoor living as gracious and inviting as the decadent retreats that influenced them. Transitional in style and in use, these pieces are a distilled approach to historic style.

AVANT

The Avant collection is a highly architectural group with sleek frames and confident, simple silhouettes. The angles inherent to the series facilitate easy stacking, and their light frames are made for flexibility of use. Inspired by the Italian word for “Forward” this series is all about simplicity and speed. **Design By Alex Woogmaster.**

Inspired Design

Since 1935, Walters has fused tradition with innovation, crafting spaces that inspire connection across generations.

We at Walters understand longevity. Not only with the furniture we craft, but the relationships we build with our clients. As the fourth generation to witness the growth and development of Walters, one thing has remained the same – the integrity found in each piece we build. So much so, the Walters brand has become synonymous with the highest of standards in the outdoor furniture industry

We thrive off of the needs of our clients and the challenges the ever-changing design industry presents. Our products and designs have endured the test of time and our collections boasts an array of styles and materials, ranging from classic recognizable designs to our new contemporary concepts which incorporate the newest styles and on-trend innovations.

We continuously offer client-focused service to our loyal partners and the greater design community by providing inspiration, innovation and customer support. Our success hinges upon the collaboration of our customers design concepts and our production capabilities to realize and make possible residential and hospitality installations all around the world. The once small wicker and upholstery furniture company has changed immensely over the past 80 years.

However, our goal has always remained the same; to provides our clients with timeless design and style which will not only last a lifetime, but for generations.

Materials

At Walters, we offer a wide selection of quality materials and finishes for indoor and outdoor furniture, from teak, powder-coated aluminum to all-weather wicker and more.

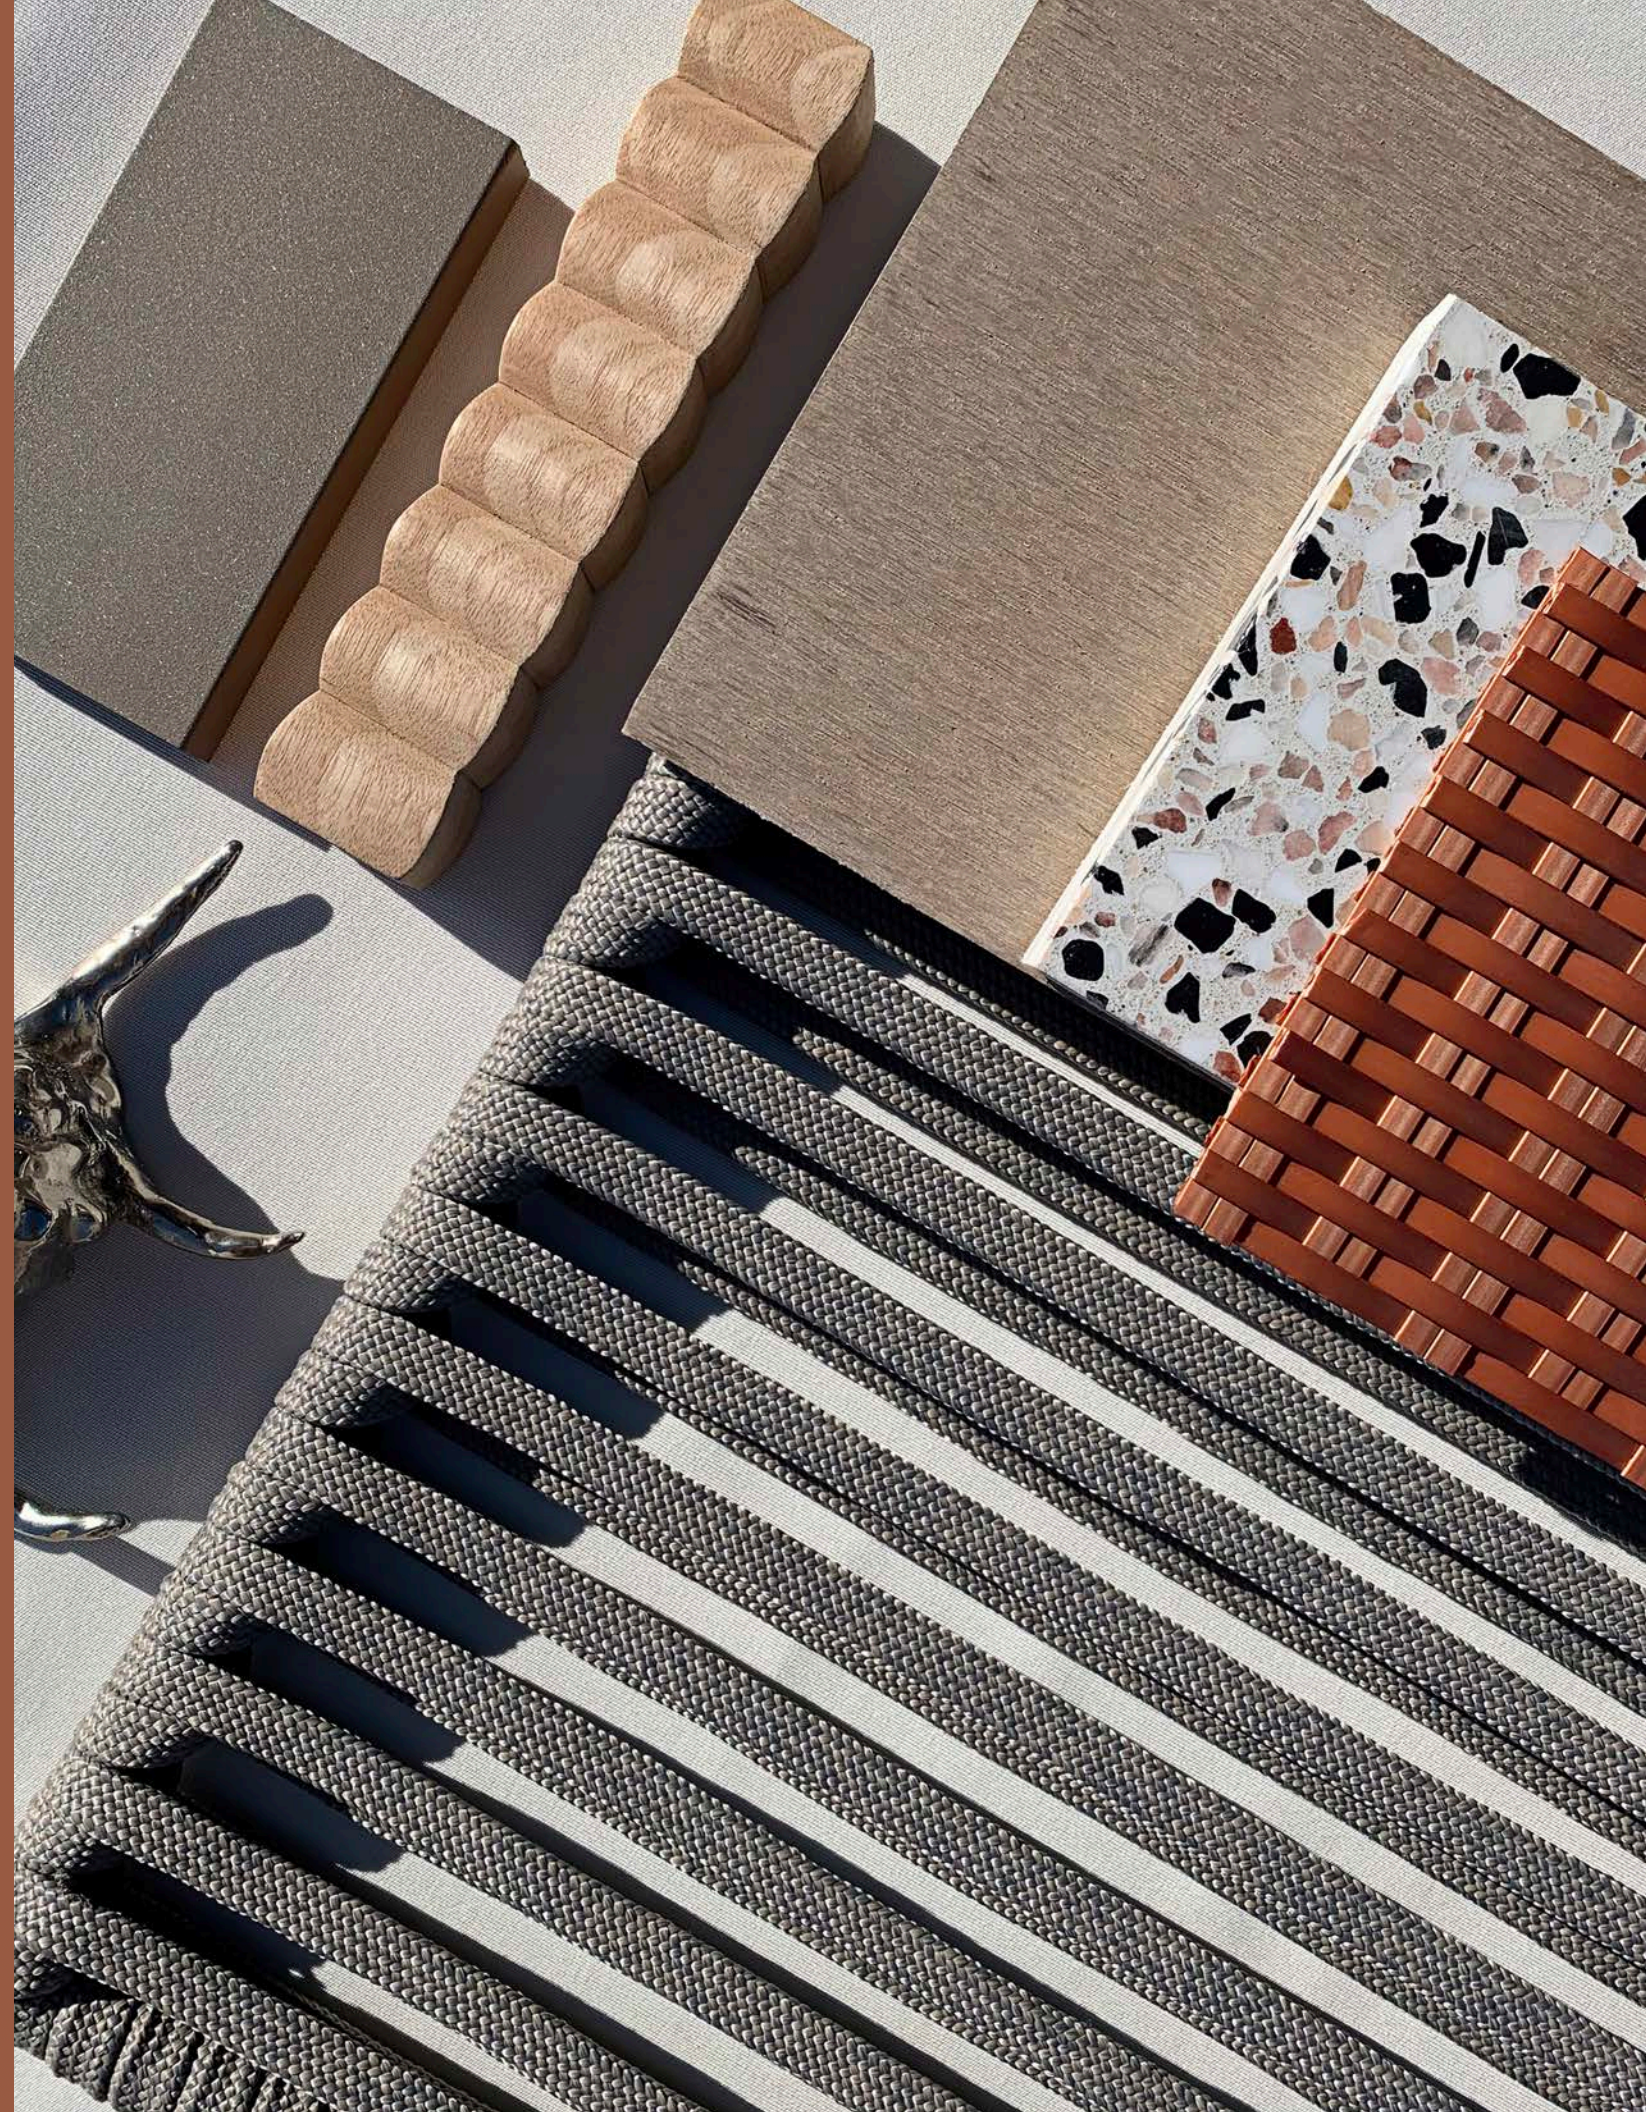

Teak is a durable hardwood, renowned for its strength and resistance to the elements. Teak furniture is known for its natural beauty, and its light brown color will age to a silver-gray patina over time. Teak is a great choice for outdoor furniture because it is naturally resistant to rot and insect damage, and it is highly durable.

Powder-coated aluminum is another great choice for outdoor furniture. Aluminum furniture is lightweight, and the powder-coated finish provides protection from the elements and is available in a range of colors. Aluminum furniture is also very durable and resistant to rust, making it a great choice for outdoor use.

All-weather wicker furniture is lightweight and durable, and it is available in a range of colors and styles. It is a great choice for outdoor furniture because it is highly resistant to fading, cracking, and chipping.

Our unique rope weave design can only be found at Walters. And if you're not sure which material or finish is right for you, you can order free samples of our materials and finishes right from our website.

Walters Lookbook

EDITION 2025

The image features a serene landscape of a body of water under a vast, colorful sky. The sky transitions from a pale blue at the top to a warm, golden-yellow near the horizon, where the sun is either rising or setting. The water below is calm, reflecting the soft light of the sky. The word "Walters" is centered in a white, elegant serif font, standing out against the lighter part of the sky.
